SUPPLEMENTAL RESPONSE

Dear Sir:

Per the Examiner's request, a resubmission of declaration under C.F.R. §1.802 is hereby enclosed.

It is not believed that extensions of time or fees for net addition of claims are required, beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required therefore (including fees for net addition of claims) is hereby authorized to be charged to Deposit Account No. 16-0605.

Respectfully submitted,

W. Murray Spruill

4. That the Assignee hereby provides assurance that the material deposited in paragraph 3, above, is, in each instance, the same biological material specifically identified in the above-captioned patent application, as filed.
5. That the Assignee hereby provides assurance that it will:
 - a. During the pendency of the patent application, allow access to the deposited strain listed in paragraph 3, above, to those persons properly designated by the Commissioner of Patents and Trademarks;
 - b. Replace the deposited strain should it die or be destroyed:
 - (1) During the enforceable life of any patent issued out of the above-identified patent application,
 - (2) For five years after the last request for a sample of the deposited strain, and
 - (3) For thirty years;
 - c. Upon issuance of a patent, irrevocably remove all restrictions of access to the strain for the duration of the deposit; and
 - d. Pay the maintenance charges for the duration of the deposit.
6. That all statements made of his own knowledge are true and that all statements made on information and belief are believed to be true; and further acknowledges that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section

1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
